Full Line Catalog

ARROWHEAD®

... the leading supplier of melamine dinnerware, trays, tumblers and salad bowls to the commercial field.

featuring:

NEW CRYSTALON BAR AND STEMWARE ... with the translucence, beauty and feel of fine glass, but glass was never so long-lasting.

NEW CUTLASS WARE ... the new, scratch-resistant melamine dinnerware with a super-gloss that stays new-looking 5 times longer than ordinary melamine.

ELEGANT, NARROW-RIM DINNERWARE ... designed to meet discriminating restaurant needs.

PERMACLEAN CUPS ... the exclusive first with Arrowhead. The cup that solved staining problems.

BOLD, HEAVY-DUTY, WIDE RIM DINNERWARE ... that offers durability, greater service and lasting elegance.

STUNNING NEW FABRIC TRAYS ... in a wide choice of designs and colors.

SALAD BOWLS ... with the look of beautiful stoneware in different shapes and sizes.

HEAVY-DUTY WARE ... designed to meet the most rugged requirements.

ENVOY ... the high-style, economical dinnerware that is ideal for fast food service.

New! Arrowhead Crystalon Bar and Stemware

...with the look and feel of fine glass, yet it's break-resistant

Your customers will surely compliment you for your good taste ... when you use this elegant barware and stemware.

Such a lovely touch for any table—graceful shapes in glowing heirloom shades of cranberry, blue, amber, avocado, smoke or frosty clear. And they have the translucence, the beauty, the feel of fine glass. No careful handling required ... no risk

of shattered glass ... reduces your replacement costs. Dish-washer safe and liquor-loving, too.

Choose stylish stemware in 14-oz. goblets, 5-oz. cocktail-wines, 8-oz. shrimp-sherberts. Or sleek, modern barware in 8-oz. or 12-oz. highball-waters, 6½-oz. or 9-oz. old fashions, or 6-oz. juices.

ASTRA (AST)

CHALET (CHL)

SOMERSET (SMR)

AVON (AVN)

Narrow rim elegance in institutional dinnerware

Four lively, modern patterns for fine institutional dining . . . all Arrowhead. Choose from *Astra* with free-form shapes in muted tones of gray and tan, with small splashes of olive and forest green; *Somerset* with rich, rust-brown rectangular shapes over background colors of muted orange and tan; *Chalet*—a "provincial" design of circles and semi-circles in gray with muted tones of mustard orange and cocoa; *Avon*—a variation of the CHALET pattern featuring cranberry and gold.

All four patterns are designed to blend with and enhance modern color schemes and decorating motifs. These narrow rim shapes are sleek, elegant yet practical! Because heavy-duty Arrowhead is breakproof as can be, saves up to 80% on replacement costs . . . lightens tray loads, reduces clatter.

And, of course, all four patterns are available with PERMA-CLEAN cups, the sensational melamine cup that solves the staining problem.

New! *Cutlass*™ Ware

The scratch-resistant melamine dinnerware that stays new-looking 5 times longer

MAR 23 1964

Cutlass is the ideal dinnerware for any food service operation. Its new hard, scratch-resistant surface meets and surpasses the most rigid requirement. It requires no special handling, holds up under hardest use and withstands temperatures of automatic dishwashers.

Laboratory tests proved its scratch-resistance. Surface abrasion tests proved Cutlass far superior to regular melamine dinnerware.

Field test results proved it stays new-looking 5 times longer. A famous national restaurant chain tested Cutlass for more than eight months and found it outlasted ordinary melamine five to one. Replacement costs were reduced by more than \$1,000 monthly.

And, of course, all Cutlassware is available with PERMA-CLEAN cups. The sensational melamine cup that solves the staining problem.

Arrowhead Heavy-Duty Ware

ARROWHEAD

11701 Shaker Blvd., Cleveland 20, Ohio

1. ARR-140, ARR-141—Cafeteria Trays. Designed to meet dieticians' requirements for recommended school luncheon menus. Ideally suited for schools, hospitals and industrial cafeterias. Precision-molded of extra heavy Melmac plastic, with thick rolled edges. Stack easily. Wash easily in automatic dishwashers. The properly proportioned sections, with space for silverware, and lock-in grooves for cup, milk bottle or bowl, serve a whole meal. Balanced for easy handling, light in weight, but tough in strength.
2. ARR-100—9 1/2" Compartment Plate. Deep molded partitions, sectioned for proper portions of a complete meal. Smooth, rounded contours; heavy rolled rims. They stack easily, wash and air-dry quickly.
3. M-1, M-3, M-5—Mixing Bowls in three sizes, 1 1/2-3.5 qt. Break-resistant Melmac, safe in dishwashers, boiling water.
